GRAND JURY IS IN FAVOR OF NEW BRIGED

Many Other Court House Matters of Interest to the Public Generally

MANY DIVORCES ARE PENDING

The Grand jury yesterday returned a true bill against Miss Gertrude Lindahl the Olanta girl charged with the murder of her child at the Clearfield hospital. She is now an inmate of the jail and her trial will come up at May Court.

The Delaware underwriters of the West Chester Insurance company filed a suit yesterday against Herman Moyer, of Philipsburg, for $300. This suits grows out of the burning of the Allport Supply company's store on the night of January 31, 1915.

The Supply Company, owned by Moyer and Neubauer occupied the lower floor of a building owned by Daniel Milson and Harry Neubauer, the upper floor of which was rented and occupied by Allport lodge of Odd Fellows. The Odd Fellows had a policy of insurance to the amount of $300 on their furniture and teh insurance company was obliged to make it good following the destruction of their property by the fire, which Moyer pleaded guilty to setting. The insurance policy conutained a provision which recited that in case of recovery on same was due to the act of a third person, the company reserved the right to proceed against said third person for the recovery of the amount of the provision.

This is a unique proceeding and the first of its kind in the Clearfield county courts and due to this fact and the alleged mental defect of Moyer the outcome is awaited with more than the usual amount of interest.

Patterson & Patterson and James A. Gleason are the attorneys for the insurance company.

L. D. McCall, Esq., of DuBois, entered suit for Jacob Faulkner against the Freedom Oil Works company of Freedom, Pa., for $2500 damages for injuries due to burns received when the home of D. H. Faulkner in Sandy township burned down and Mr. Faulkner's wife and three children were burned to death in a fire alleged to have been caused by the use of gasoline bought from an agent of the company for coal oil in the early part of 1916.

D. H. Faulkner brought suit against the company for $95,000 damages for death of the members of his family in this fire, which suits were decided against him at December term of court. Jacob Faulkner was a boarder in the home at the time of the fire and received his injuries in attempting to rescue D. H. Faulkner's family from the flames.

Divorce actions have been brought in the following cases:

George Minns Sr., vs. Elizabeth Minns.

Elsie A. Smith vs. Philip B. Smith.

Margaret Corle vs. William H. Corle.

Joseph Mecca vs. Esther Mecca.

Elizabeth Smith Gibbons vs. Robert Gibbons.

David Johns Ellsmore vs. Elizabeth Jane Ellsmore.

Jennie Lytle vs. Leslie M. Lytle.

The Grand jury finished their labors at 11 o'clock this morning and made the following report to the court. Judge Bell thanked the members for the able manner in which they had disposed of the business brought to their attention and informed them that he would have their recommendations brought to the attention of the proper officials and carried out so far as possible.

Grand Jury's Report

To the Honorable Saville Bell, President Judge of the Courts of Clearfield County, and State of Pennsylvania

The grand inquest in and for Clearfield county, February session, 1917, do respectfully report:

We have passed upon twenty-seven (27) bills of indictment, of which we returned sixteen (16) true bills and five (5) not true bills.

That we visited the Grant Street bridge, known as the "Hartman Bridge" in Lawrence township and find it in good condition.

That we visited the county home and find the same in good condition, and the management seemingly efficient and the inmates well cared for.

We herewith recommend that new floors be laid in the home new ceilings be put in men's dining room and better ventilation be installed in the wards.

Also a more sanitary condition should be maintained in the men's lavatory.

On account of the broken condition of the granite cups now in use on the tables, we recommend that aluminum cups be substituted.

We visited the jail and found it clean and well kept. The ventilation in this building is poor and should be improved if possible.

We have made a thorough inspection of the court house and recommend as follows:

That the partitions now dividing the rooms on the second floor of the court house used as grand jury room and traverse jury rooms, be removed and one large room be made of the same; this involving the erection of an open stairway in the corridor of the second floor, which should be put into condition for use as traverse jury rooms, eliminating the bedroom and other rooms now practically unused; and that a section of the present arbitration room or some other suitable place be fitted as a fire proof vault for the filing of county papers from the different offices.

We recommend that if the above improvements are made, that provision be made for the office of the county superintendent of schools in the court house, if it is possible to do so.

We recommend that the hall and stairway on second floor in front part of building, be repaired and put in suitable condition; and that the office of the county treasurer be repaired.

We find that the general condition of the court house is not as clean a condition as it should be, particularly in the halls and offices on the ground floor. We recommend that this matter be attended to and that these conditions be improved.

We also suggest that all rubbish be removed from the basement and other parts of the building, as such accumulations are liable to cause fire.

We recommend that the county commissioners thoroughly inspect all the bridges in the county and place them in proper repair to insure their safety to accommodate increased traffic, etc.

We must heartily extend our thanks to the Honorable Saville Bell, District Attorney Wilson, Constable A. V. Strouse, the commissioners and all public officials with whom we have come into contact in the performance of our duties, for the courtesy and assistance they have shown us.

Independent Military Co. Meets Tonight

Johnny Get Your Shot Gun, Pop Gun Whistle And Meet at The Y. M. C. A.

Th Clearfield Idependent Company will meet at the Y. M. C. A. this evening. They are especially anxious to hav a full turn out at this meeting. The more who come out the better the drills will be enjoyed. Particular stress is laid on the point that the object of this association is to give military training to all of military age. There are absolutely no obligations and each and every man in Clearfield can get the best military training under capable commanders. In this day of impending war it is upon the training that the nation depends for defense. Every living American should have some military training. It gives the nation strength. Go to the meeting tonight.

State Road leading out of Clearfield, and recommend as follows:

That this jury recommend that the proposed new bridge across Clearfield Creek, in the State Highway leading from the county home, be erected at the site selected as per other details as shown on a certain blue print as submitted to this jury by the county commissioners and as signed by the foreman and clerk of this jury.

That this jury approves the report of the Viewers, dated January 30, 1917 changing the road at the bridge over Clearfield creek on the state highway in Lawrence township by the abandoning of old road and opening a new road at each end of the proposed new bridge, to connect said bridge with the present state highway.

We have visited the county buildings and made thorough inspection of the same.

The general condition of the county home seems to be in good shape, the management seemingly efficient and the inmates well cared for.

We herewith recommend that new floors be laid in the home new ceilings be put in men's dining room and better ventilation be installed in the wards.

Also a more sanitary condition should be maintained in the men's lavatory.

On account of the broken condition of the granite cups now in use on the tables, we recommend that aluminum cups be substituted.

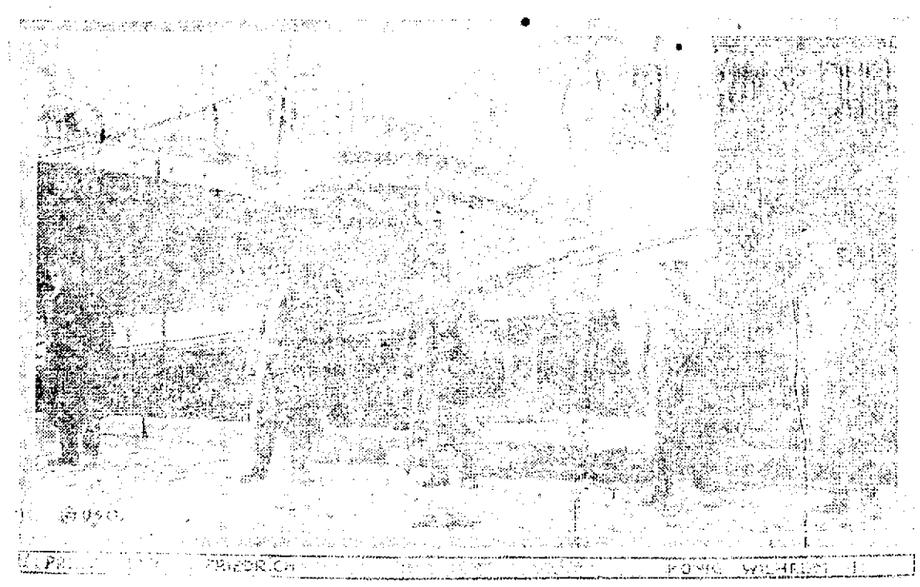
GERMAN SHIPS IN NEW YORK HARBOR GUARDED BY POLICE



An hour after the German notes were given out for publication the police of New York City were called on to protect five big German liners which have been interned at their piers in the Hudson River since the war began. This photograph shows the police guarding the Prinz Eitel Friedrich and the Kronprinz Wilhelm II. It was surprised that the police were on guard to prevent any attempt of the ships to leave port in the night as much as to protect them from attack.

"Germany Has Declared War," Says N. Y. World Today But No Definite Action Yet

LATE TELEGRAPHIC FLASHES

NEW NAME FOR FATHERLAND

New York, Feb. 9.—The Fatherland, one of the country's foremost pro-German publications, will hear the name of the New World according to an announcement today by its editor Georg Viereck. Viereck explained the step had been contemplated for some time and they had taken it now in order to avoid any misunderstanding.

It implies no change of heart, he said. "In Germany a publication by the name of Uncle Sam would not be popular at present and a publication by the name of Fatherland in America would be misleading to many," the announcement concluded.

"FIRST LINER CLEARS"

New York, Feb. 9.—The first American liner to clear for the German "barred zone" since the German decree was declared, left the Erie basin and anchored near the Statue of Liberty until time to pass out. The Orleans, a 5,000 ton freighter, left with contraband for one French port. It is sailing unarmed, unarmed, flying the American flag with its captain and most of its crew Americans. The Orleans expects to reach the danger zone in ten days.

GERARD PREPARATIONS MADE

By Carl W. Ackerman

Berlin, Feb. 9.—All preparations for the departure of the American Ambassador Gerard, his staff, American consuls, consular officials, and consular officials were completed today. A special train in two sections will probably leave Berlin tomorrow for Berne. At some time the Spanish ambassador will take charge of American interests in Berlin.

SIX OF 25 WERE ST...

Montreal, Feb. 9.—Six of the twenty-five persons arrested in connection with the alleged plot to blow up munitions plants in Canada and the United States, including Werner Lindemann, alleged to be a lieutenant of Count Von Bernstorff, German ambassador to Washington, and Frederick Sidney Rex, a British subject, charged with being the author of the plot, were released from custody today.

Future American Policy To Be Determined at Cabinet Meeting Held This Afternoon

"SERIES OF AFFRONTS" MAY CAUSE WAR

"Germany Forfeits all war" the New York World asserts editorially today. It was learned in Washington after that all communications had ended. Count Bernstorff had broken faith and the diplomatic relations should be broken. President Wilson appeared before congress and told them of the situation. Germany is expected to make her final reply to the note as sent in the time of January 31st.

One satisfying thing is the manner in which Brazil view the situation. She has sent a strong protestation to Germany according to South American dispatches today.

Uruguay has declared that President Wilson is justified in breaking of diplomatic relations with Germany.

Peru has sent a strong protest against the sinking of the Lorton which was torpedoed without warning. A German agent advised his government of the ship and route of this vessel. Captain [illegible] the [illegible] in Lima.

Chile also is [illegible] Chile. On the other side word came from Buenos Aires that [illegible] approves of the course taken by Germany.

Tension was heightened regarding the sinking of the vessel Turino when Count Von Bernstorff called the American state department that George Wood, an negro who was lost was not an American having been born in Canada and his family now lives in Liverpool.

FRIDAY EVENING, FEBRUARY 9 1917

It is gratifying indeed to note that at the session of criminal court just closed there was almost an entire lack of high crimes and misdemeanors. This coupled with the act that there was no regular session of criminal court in December speaks well for the behavior of Clearfield County people. Take from the trial list just gone over those cases growing out of foreign weddings and christenings and it would be nearly zero.

Why not a regiment with Roosevelt as Colonel and Bryan as Chaplain? Then send them to Alaska for guards, declared a Republican.

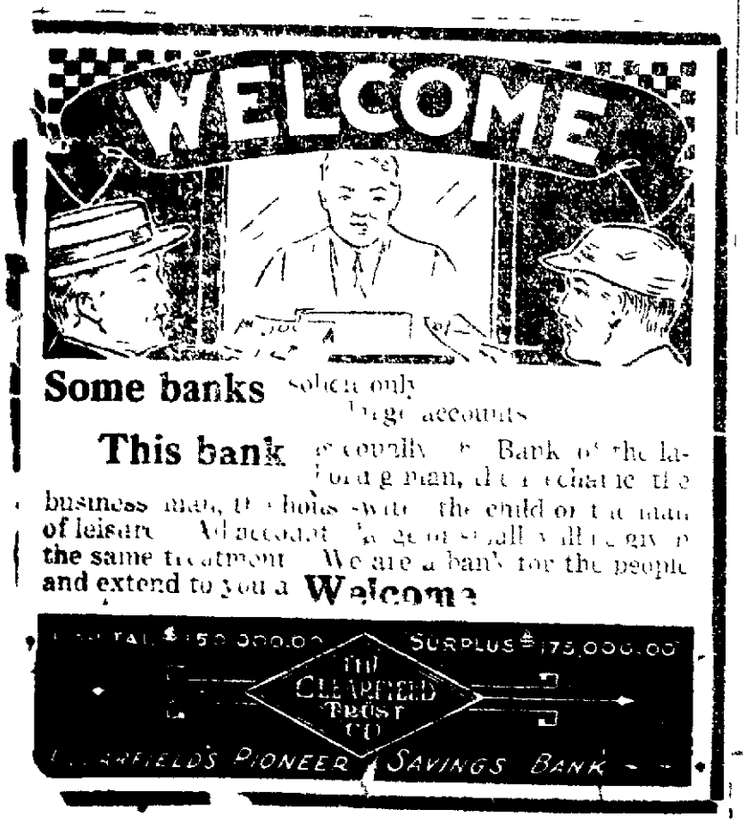
Does the Republican mean to infer that Roosevelt is to be Bryan of the Republican party? Never! Terry isn't afraid of a fight but he never would be foolish enough to attempt to make the Democratic party dry in 1920 as Bryan is trying to do.

[illegible] has somewhat subsided let us refer to [illegible] business. How about the eight hour law? Wonder if the men don't wish now that they had struck for not an eight hour day instead of an eight hour law. How about all those High Cost of Living resolutions that sprung up in our Democratic Congress? We see no reason why they cannot go ahead with these matters even though there is an impending war. It don't take all the men in Washington to look after the diplomatic part of the government.

Judging from some of the statements in Democratic papers it appears that they are of the opinion that America is Democracy and Democracy is America. The President is the head of the nation and every citizen of the nation will support the President in such a time as this. This [illegible] love of country and its institutions [illegible] without respect for any party or individual. [illegible] Hughes, Roosevelt, Cleveland; even Bryan or Lodge would be accorded the same support if any one of them occupied the Presidential chair.

[illegible] are being held at the present time in a number of the churches of Clearfield and all report good attendance and extra fine sermons. There is none of the sensational [illegible] connected with these meetings that usually attend meetings when evangelists are in charge and [illegible] subject of criticism by those who are too [illegible] to look beyond their own [illegible] of the [illegible] Roosevelt and [illegible] Washington. [illegible] both sides and [illegible] the people to the fact that their [illegible] what it should be.

The Vernon's Club have received several substantial [illegible] for the Belgian Children's Aid Fund and the [illegible] has grown to a very nice size; in fact a sum that we understand is in keeping with the dignity of the city of Clearfield. It appears, however, that small contributions are missing. There are no contributions of twenty five, fifty cents and one dollar. Every amount is acceptable, even twenty five cents is a God send to the mother who has a hungry child to feed, fifty cents would do wonders and one whole dollar would make such a rift in the dark clouds of adversity that faith in professing Christians would be restored to those who are in distress.



Fashion Hints By Margaret Mason

"Oh Valentine wilt thou be mine?
Indeed I will" said she,
"If you can prove you'll be a mine
Of gold and jewels for me"

New York, Feb 9—Alas! Poor little Dan Cupid is trailing his rosy wings in the dust. He leans sad and bedraggled on his quiver with a quiver of his under lip. Since munificent millionaires are buying up hearts of rubies and scarves of Point de Venice to present to their fair Valentine this February 14th, Cupid feels satin hearts and paper lace frills don't give a chance.

Oh where are the paper lace and tinsel valentines of yesterday? The hand painted satin hearts pierced with gilded darts all amorously inscribed with some choice and burning sentiment fresh from a passionate poet's pen. They are in the dust heap of the Gods along with the broken vows, battered hearts and withered flowers.

The modern maid is educated up to more expensive love tokens. She insists that the tinsel of her valentine be at least fourteen karat, if not twenty-two. Her paper lace must be real lace and any hearts coming her way must be shiny jeweled ones instead of shiny satin.

Even the more sensible good old fashioned girls (and there really are a few left) balk at a picture card token that is rich only in sentiment. They will be made blissfully happy however with a heart shaped box of sweets, a heart shaped beaded bag or one of those lovely lingerie pillows of cluny and filet lace, heart shaped, over a slip of rosy satin.

Heart shaped pincushions to match are also appropos and there are packages of delicately tinted satin hearts of sachet that are to be sniffed at and yet won't be. Heart shaped birch bark baskets and ones of tinted willow filled with flowers are most attractive gifts that one shop which is making a specialty of Valentine tokens is showing.

There are all sorts of heart shaped jewel boxes, too, ranging from gold, silver and carved ivory down to equally effective and less expensive enamel, lacquer, brass, ivorine and pewter. If you send one of these with this telling, little sentiment borrowed from one of William Winter's poems:

I send you, dear an empty heart
But send it from a very full one."

You cannot fail to win the gratified exclamation of your Valentine lady.

If you have the face to do it a heart shaped picture frame of silver or colored leather makes a picturesque valentine and there are heart shaped crystal vials of perfume rare, fit for the most fastidious of noses. Love often smiles on one who exchanges dollars for scents.

To bring a heart with a heart shaped bag would seem to be a popular sport this February 14 for the varieties of valentine bags offered is most bewildering. There are sewing bags and darning bags and vanity bags and shopping bags and skating bags and slipper bags and bags for anything at all.

Not all of them are heartshaped by any means although the majority are, but some, especially the beaded ones, carry out the Valentine idea by having fat little cupids disport over their sides. A clever darning bag of cretonne is hung on arrow shaped rods instead of the plain brass lengths of curtain rod and it is trimmed in fat little stuffed hearts in lieu of the stuffed silk apples which have been borne so monotonously by every darning bag this season. An irresistable skating bag, has a fat little kewpie in smiles and nothing else skating madly across its side in yarn embroidery.

The most elaborate, ornate and expensive of the valentine tokens I have glimpsed is a heart shaped brooch of rubies pierced by an arrow of platinum from whose point drips a drop of ruby gore. The most Valentine gift I think, is a hand carved old gilt and blue wood frame containing the photograph of The-Only-Man-in-The-World. And think what a practical and useful gift for next year it will be so easy to change the photograph for another of the 1918 or more current Only-Man-In-The-World.

PITTSBURGH TO HEAR NOTED SPEAKERS

Pittsburgh, Pa., Feb 9—A galaxy of distinguished speakers has been secured by the Pittsburgh Chamber of Commerce for its annual banquet to be given tomorrow night at the William Penn Hotel. Among those who will address the gathering are Senator William E. Borah of Idaho, who will speak on "Our Foreign Policy, No Entangling Alliance", President Nicholas Murray Butler of Columbia University, on "Is America Drifting", and Governor Harding of the Federal Reserve Board, who has selected for his subject, "A new Era In American Finance."

SOUTHERN WISCONSIN TEACHERS

Madison, Wis., Feb 9—An army of school teachers invaded Madison today and will remain in possession of the city over tomorrow. The occasion of the gathering is the annual convention of the Southern Wisconsin Teachers Association. The program for the meeting is noticable for the large number of prominent educators who will deliver addresses.

TURN HAIR DARK WITH SAGE TEA

It Mixed With Sulphur It Darkens so Naturally Nobody can Tell

The old time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can tell it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to use preparation is a delightful toilet requisite for those who desire a more youthful apparance. It is not intended for the cure, mitigation or prevention of disease.

MISSISSIPPI BIRTHPLACE OF NOTABLES

Washington, D. C., Feb 9—While Virginia and Ohio may share the distinction of being the "mother of Presidents" and Indiana may lay undisputed claim to being the banner producer of Vice Presidents, Mississippi may put in a strong bid for recognition as the birthplace of probably a larger number of leaders in the present congress and other prominent men in public life at the present time than any other state of the south. This fact has been brought to light by the announcement of the list of honorary members of the Mississippi Society of Washington, who have been invited to attend the society's annual banquet to be given tomorrow night at the New Ebbitt House. Among these honorary members, all of whom are natives of Mississippi, are Senator Chamberlain of Oregon, Senator Gore of Oklahoma, Senators Newlands and Pittman of Nevada, former Senator Bailey of Texas, Representative Hardy of Texas, Representative Chandler of New York and Attorney General Gregory.

This Boy Isn't "Dosed" For Croup or Colds

His Mother Says—"When the Children are Croupy I Just Apply a Good Application of Vick's VapoRub Salve at Bedtime, and go to Sleep, Sure that the Little Ones Will Be All Right."

Mrs. M. Z. Smith, 320 Wood Sreet, Johnstown, Pa., is one of the many mothers who have found the Southern remedy—Vick's VapoRub Salve, much better than internal medicines. Mrs. Smith writes—

"I find your VapoRub the finest remedy for croup and colds that I have ever used, and now we would not be without it, as we have two children and they are both subject to croup. I use VapoRub as a stitch in time—put on an application at night—then go to bed and rest assured that the little ones are all right for the night."

In the South Vick's VapoRub is universally used as the "Bodyguard" in the home against all forms of cold troubles, from head or chest colds, sore throat, bronchitis, down to deep chest colds or incipient pneumonia. It is applied externally—is therefore perfectly harmless—and relieves by inhalation as a vapor and by absorption through the skin.

STAR ATHLETES ENTERED

New York, Feb. 9.—With all the important features of a championship competition scheduled, and an entry list comprising many of the leading college and club atheletes of the country, the annual indoor track and field games of the New York Athletic Club at the Twenty-second Regiment armory tomorrow night promises to be the most eventful athletic affair held in the metropolis this Winter.

Numerous special events have been arranged, including the Lawson mile, the Buermeyer 500-yard event, in which Ted Meredith, the world's record holder for the quarter and half miles, will take part, and a special two mile handicap run, in which Joie Ray, the sensational Chicago runner who recently broke the world's record for a mile and a half, will be among the starters.

The twenty-sixth continental congress of the Daughters of the American revolution is to be held in Washington in April.

Rosy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists

GRAND JURY IS IN FAVOR OF NEW BRIGED

Many Other Court House Matters of Interest to the Public Generally

MANY DIVORCES ARE PENDING

The Grand jury yesterday returned a true bill against Miss Gertrude Lindahl the Olanta girl charged with the murder of her child at the Clearfield hospital. She is now an inmate of the jail and her trial will come up at May Court.

The Delaware underwriters of the West Chester Insurance company filed a suit yesterday against Herman Moyer, of Philipsburg, for $300. This suits grows out of the burning of the Allport Supply company's store on the night of January 31, 1915.

The Supply Company, owned by Moyer and Neubauer occupied the lower floor of a building owned by Daniel Milson and Harry Neubauer, the upper floor of which was rented and occupied by Allport lodge of Odd Fellows. The Odd Fellows had a policy of insurance to the amount of $300 on their furniture and teh insurance company was obliged to make it good following the destruction of their property by the fire, which Moyer pleaded guilty to setting. The insurance policy conutained a provision which recited that in case of recovery on same was due to the act of a third person, the company reserved the right to proceed against said third person for the recovery of the amount of the provision.

This is a unique proceeding and the first of its kind in the Clearfield county courts and due to this fact and the alleged mental defect of Moyer the outcome is awaited with more than the usual amount of interest.

Patterson & Patterson and James A. Gleason are the attorneys for the insurance company.

L. D. McCall, Esq., of DuBois, entered suit for Jacob Faulkner against the Freedom Oil Works company of Freedom, Pa., for $2500 damages for injuries due to burns received when the home of D. H. Faulkner in Sandy township burned down and Mr. Faulkner's wife and three children were burned to death in a fire alleged to have been caused by the use of gasoline bought from an agent of the company for coal oil in the early part of 1916.

D. H. Faulkner brought suit against the company for $95,000 damages for death of the members of his family in this fire, which suits were decided against him at December term of court. Jacob Faulkner was a boarder in the home at the time of the fire and received his injuries in attempting to rescue D. H. Faulkner's family from the flames.

Divorce actions have been brought in the following cases:

George Minns Sr., vs. Elizabeth Minns.

Elsie A. Smith vs. Philip B. Smith.

Margaret Corle vs. William H. Corle.

Joseph Mecca vs. Esther Mecca.

Elizabeth Smith Gibbons vs. Robert Gibbons.

David Johns Ellsmore vs. Elizabeth Jane Ellsmore.

Jennie Lytle vs. Leslie M. Lytle.

The Grand jury finished their labors at 11 o'clock this morning and made the following report to the court. Judge Bell thanked the members for the able manner in which they had disposed of the business brought to their attention and informed them that he would have their recommendations brought to the attention of the proper officials and carried out so far as possible.

Grand Jury's Report

To the Honorable Saville Bell, President Judge of the Courts of Clearfield County, 42nd Judicial District of Pennsylvania

The grand inquest in and for Clearfield county, February session, 1917, do respectfully report:

We have passed upon twenty-seven (27) bills of indictment, of which we returned sixteen (16) true bills and five (5) not true bills.

That we visited the Grant Street bridge, known as the "Hartman Bridge" in Lawrence township and find it in good condition.

Independent Military Co. Meets Tonight

Johnny Get Your Shot Gun, Pop Gun Whistle And Meet at The Y. M. C. A.

Th Clearfield Idependent Company will meet at the Y. M. C. A. this evening. They are especially anxious to hav a full turn out at this meeting. The more who come out the better the drills will be enjoyed. Particular stress is laid on the point that the object of this association is to give military training to all of military age. There are absolutely no obligations and each and every man in Clearfield can get the best military training under capable commanders. In this day of impending war it is upon the training that the nation depends for defense. Every living American should have some military training. It gives the nation strength. Go to the meeting tonight.

State Road leading out of Clearfield, and recommend as follows:

That this jury recommend that the proposed new bridge across Clearfield Creek, in the State Highway leading from the county home, be erected at the site selected as per other details as shown on a certain blue print as submitted to this jury by the county commissioners and as signed by the foreman and clerk of this jury.

That this jury approves the report of the Viewers, dated January 30, 1917 changing the road at the bridge over Clearfield creek on the state highway in Lawrence township by a abandoning of old road and opening a new road at each end of the proposed new bridge, to connect said bridge with the present state highway.

We have visited the county buildings and made thorough inspection of the same.

The general condition of the county home seems to be in good shape, the management seemingly efficient and the inmates well cared for.

We herewith recommend that new floors be laid in the home new ceilings be put in men's dining room and better ventilation be installed in the wards.

Also a more sanitary condition should be maintained in the men's lavatory.

On account of the broken condition of the granite cups now in use on the tables, we recommend that aluminum cups be substituted.

We visited the jail and found it clean and well kept. The ventilation in this building is poor and should be improved if possible.

We have made a thorough inspection of the court house and recommend as follows:

That the partitions now dividing the rooms on the second floor of the court house used as grand jury room and traverse jury rooms, be removed and one large room be made of the same; this involving the erection of an open stairway in the corridor of the second floor, which should be put into condition for use as traverse jury rooms, eliminating the bedroom and other rooms now practically unused; and that a section of the present arbitration room or some other suitable place be fitted as a fire proof vault for the filing of county papers from the different offices.

We recommend that if the above improvements are made, that provision be made for the office of the county superintendent of schools in the court house, if it is possible to do so.

We recommend that the hall and stairway on second floor in front part of building, be repaired and put in suitable condition; and that the office of the county treasurer be repaired. We find that the general condition of the court house is not as clean a condition as it should be, particularly in the halls and offices on the ground floor. We recommend that this matter be attended to and that these conditions be improved.

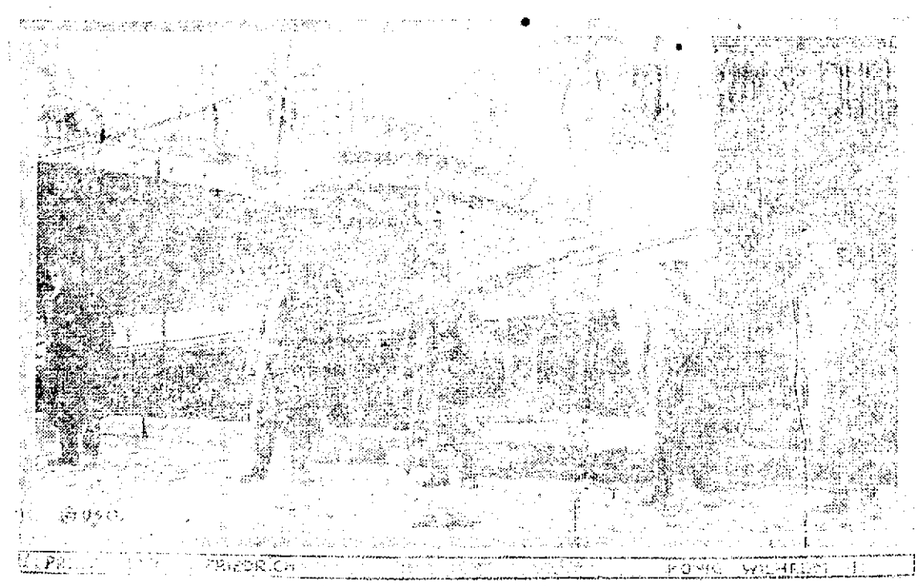
We also suggest that all rubbish be removed from the basement and other parts of the building, as such accumulations are liable to cause fire.

We recommend that the county commissioners thoroughly inspect all the bridges in the county and place them in proper repair to insure their safety to accommodate increased traffic, etc.

We must heartily extend our thanks to the Honorable Saville Bell, District Attorney Wilson, Prothonotary A. V. Strauss, the county commissioners and all public officials with whom we have come into contact in the performance of our duties, for the courtesy and assistance they have shown us.

M. L. TROXELL,
Foreman.
HENRY CAWTHON,
Secretary.

GERMAN SHIPS IN NEW YORK HARBOR GUARDED BY POLICE



An hour after the German notes were given out for publication the police of New York City were called on to protect five big German liners which have been interned at their piers in the Hudson River since the war began. This photograph shows the police guarding the Prinz Eitel Friedrich and the Kronprinz Wilhelm II. It was surprised that the police were on guard to prevent any attempt of the ships to leave port in the night as much as to protect them from attack.

"Germany Has Declared War," Says N. Y. World Today But No Definite Action Yet

Future American Policy To Be Determined at Cabinet Meeting Held This Afternoon

"SERIES OF AFFRONTS" MAY CAUSE WAR

"Germany has declared war," the New York World asserts editorially today. It was created the outlook after that all some more had stated that Germany had broken faith and that diplomatic relations should be broken. The day's events finally drove President Wilson to appear before congress and tell them of the situation. Germany by her ruthless sinking of unarmed ships on January 31st, in violation of her promise of January 31st.

Public sentiment is expected to leave Washington Saturday. He has notified Secretary Lansing that he will be ready to go with Lansing, Garrison, Daniels and Houston.

High officials believe that when President Wilson comes with the cabinet today, it is to decide the future policy and based on clear realization of the danger ahead and that he will be ready to act "series of events."

One satisfying thing is the manner in which Brazil view the situation. She has sent a strong protestation to Germany, according to South American dispatches today.

Uruguay has declared that President Wilson is justified in breaking of diplomatic relations with Germany.

Ford has sent a telegram to President Wilson in which he says he is ready to do anything. A German agent advised his government of the plan and route of this vessel. Captain Karl, the German commander in Hiva.

Chile also is [illegible] Chile. On the other side word came from Berlin that Chile approves of the course taken by Germany.

Tension was heightened regarding the sinking of the vessel Turino when Count Von Bernstorff called the American state department that George Wood, an negro who was lost was not an American having been born in Canada and his family now lives in Liverpool.

LATE TELEGRAPHIC FLASHES

NEW NAME FOR FATHERLAND

New York, Feb. 9.—The Fatherland, one of the country's foremost pro-German publications, will hear the name of the New World according to an announcement today by its editor Georg Viereck. Viereck explained the change had been contemplated for some time and they had taken it now in order to avoid any misunderstanding.

It implies no change of heart, he said. "In Germany a publication by the name of Uncle Sam would not be popular at present and a publication by the name of Fatherland in America would seem to many," the announcement concluded.

FRIDAY EVENING, FEBRUARY 9 1917

It is gratifying indeed to note that at the session of criminal court just closed there was almost an entire lack of high crimes and misdemeanors. This coupled with the fact that there was no regular session of criminal court in December speaks well for the behavior of Clearfield County people. Take from the trial list just gone over those cases growing out of foreign weddings and christenings and it would be nearly zero.

Why not a regiment with Roosevelt as Colonel and Bryan as Chaplain? Then send them to Alaska for guards. Behold a united Republican.

Does the Republican mean to infer that Roosevelt is Bryan of the Republican party? Never! Terry isn't afraid of a fight but he never would be foolish enough to attempt to make the Democratic party dry in 1920 as Bryan is trying to do.

[illegible] has somewhat subsided let us refer to [illegible] business. How about the eight hour law? Wonder if the men don't wish now that they had struck for not an eight hour day instead of an eight hour law. How about all those High Cost of Living resolutions that sprung up in our Democratic Congress? We see no reason why they cannot go ahead with these matters even though there is an impending war. It don't take all the men in Washington to look after the diplomatic part of the government.

Judging from some of the statements in Democratic papers it appears that they are of the opinion that America is Democracy and Democracy is America. The President is the head of the nation and every citizen of the nation will support the President in such a time as this. This [illegible] love of country and its institutions [illegible] without respect for any party or individual. [illegible] Hughes, Roosevelt, Cleveland; even Bryan or Lodge would be accorded the same support if any one of them occupied the Presidential chair.

[illegible] are being held at the present time in a number of the churches of Clearfield and all report good attendance and extra fine sermons. There is none of the sensational [illegible] connected with these meetings that usually attend meetings when evangelists are in charge and [illegible] subject of criticism by those who are too [illegible] in their own [illegible] Roosevelt and [illegible] Washington. [illegible] both sides and [illegible] the people to the fact that their [illegible] what it should be.

The Vernon's Club have received several substantial [illegible] for the Belgian Children's Aid Fund and the [illegible] has grown to a very nice size; in fact a sum that we understand is in keeping with the dignity of the city of Clearfield. It appears, however, that small contributions are missing. There are no contributions of twenty five, fifty cents and one dollar. Every amount is acceptable, even twenty five cents is a God send to the mother who has a hungry child to feed, fifty cents would do wonders and one whole dollar would make such a rift in the dark clouds of adversity that faith in professing Christians would be restored to those who are in distress.

Fashion Hints By Margaret Mason

"Oh Valentine wilt thou be mine?
Indeed I will" said she,
"If you can prove you'll be a mine
Of gold and jewels for me"

New York, Feb 9—Alas! Poor little Dan Cupid is trailing his rosy wings in the dust. He leans sad and bedraggled on his quiver with a quiver of his under lip. Since munificent millionaires are buying up hearts of rubies and scarves of Point de Venice to present to their fair Valentine this February 14th, Cupid feels ed satin hearts and paper lace frills don't give a chance.

Oh where are the paper lace and tinsel valentines of yesterday? The hand painted satin hearts pierced with gilded darts all amorously inscribed with some choice and burning sentiment fresh from a passionate poet's pen. They are in the dust heap of the Gods along with the broken vows, battered hearts and withered flowers.

The modern maid is educated up to more expensive love tokens. She insists that the tinsel of her valentine be at least fourteen karat, if not twenty-two. Her paper lace must be real lace and any hearts coming her way must be shiny jeweled ones instead of shiny satin.

Even the more sensible good old fashioned girls (and there really are a few left) balk at a picture card token that is rich only in sentiment. They will be made blissfully happy however with a heart shaped box of sweets, a heart shaped beaded bag or one of those lovely lingerie pillows of cluny and filet lace, heart shaped, over a slip of rosy satin.

Heart shaped pincushions to match are also appropos and there are packages of delicately tinted satin hearts of sachet that are to be sniffed at and yet won't be. Heart shaped birch bark baskets and ones of tinted willow filled with flowers are most attractive gifts that one shop which is making a specialty of Valentine tokens is showing.

There are all sorts of heart shaped jewel boxes, too, ranging from gold, silver and carved ivory down to equally effective and less expensive enamel lacquer, brass, ivorine and pewter. If you send one of these with this telling, little sentiment borrowed from one of William Winter's poems:

I send you, dear an empty heart
But send it from a very full one"

You cannot fail to win the gratified exclamation of your Valentine lady.

If you have the face to do it a heart shaped picture frame of silver or colored leather makes a picturesque valentine and there are heart shaped crystal vials of perfume rare, fit for the most fastidious of noses. Love often smiles on one who exchanges dollars for scents.

To bring a heart with a heart shaped bag would seem to be a popular sport this February 14 for the varieties of valentine bags offered is most bewildering. There are sewing bags and darning bags and vanity bags and shopping bags and skating bags and slipper bags and bags for anything at all.

Not all of them are heartshaped by any means although the majority are, but some, especially the beaded ones, carry out the Valentine idea by having fat little cupids disport over their sides. A clever darning bag of cretonne is hung on arrow shaped rods instead of the plain brass lengths of curtain rod and it is trimmed in fat little stuffed hearts in lieu of the stuffed silk apples which have been borne so monotonously by every darning bag this season. An irresistable skating bag, has a fat little kewpie in smiles and nothing else skating madly across its side in yarn embroidery.

The most elaborate, ornate and expensive of the valentine tokens I have glimpsed is a heart shaped brooch of rubies pierced by an arrow of platinum from whose point drips a drop of ruby gore. The most Valentine gift I think, is a hand carved old gilt and blue wood frame containing the photograph of The-Only-Man-in-The-World. And think what a practical and useful gift for next year it will be so easy to change the photograph for another of the 1918 or more current Only-Man-In-The-World.

PITTSBURGH TO HEAR NOTED SPEAKERS

Pittsburgh, Pa, Feb 9—A galaxy of distinguished speakers has been secured by the Pittsburgh Chamber of Commerce for its annual banquet to be given tomorrow night at the William Penn Hotel. Among those who will address the gathering are Senator William E. Borah of Idaho, who will speak on "Our Foreign Policy, No Entangling Alliance", President Nicholas Murray Butler of Columbia University, on "Is America Drifting", and Governor Harding of the Federal Reserve Board, who has selected for his subject, "A new Era In American Finance."

SOUTHERN WISCONSIN TEACHERS

Madison, Wis, Feb 9—An army of school teachers invaded Madison today and will remain in possession of the city over tomorrow. The occasion of the gathering is the annual convention of the Southern Wisconsin Teachers Association. The program for the meeting is noticable for the large number of prominent educators who will deliver addresses.

There's more to this cigarette than taste

A heap more. Most any cigarette can please the taste—somebody's taste.

But this Chesterfield cigarette, in *addition* to pleasing the taste, gives you a *new* kind of enjoyment in cigarette smoking—

Chesterfields just "touch the spot," they *let you know you are smoking*—they *"SATISFY"!*

And yet, they're *mild!*

It's all due to the *blend*—the blend and the quality of the tobaccos. For we tell you that such costly, high-quality Imported and Domestic tobaccos have never before been put together in any cigarette at anywhere near the price.

And the blend can't be copied.

Words can only *tell* you these things—it takes the cigarette itself to *prove* them. You'll be glad you tried Chesterfields. Do it today.

TURN HAIR DARK WITH SAGE TEA

It Mixed With Sulphur It Darkens so Naturally Nobody can Tell

The old time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can tell it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to use preparation is a delightful toilet requisite for those who desire a more youthful apparance. It is not intended for the cure, mitigation or prevention of disease.

MISSISSIPPI BIRTHPLACE OF NOTABLES

Washington, D. C., Feb 9 While **Virginia and Ohio may share the distinction of being the "mother of Presidents" and Indiana may lay undisputed claim to being the banner producer of Vice Presidents, Mississippi may put in a strong bid for recognition as the birthplace of probably a larger number of leaders in the present congress and other prominent men in public life at the present time than any other state of the south. This fact has been brought to light by the announcement of the list of honorary members of the Mississippi Society of Washington, who have been invited to attend the society's annual banquet to be given tomorrow night at the New Ebbitt House. Among these honorary members, all of whom are natives of Mississippi, are Senator Chamberlain of Oregon, Senator Gore of Oklahoma, Senators Newlands and Pittman of Nevada, former Senator Bailey of Texas, Representative Hardy of Texas, Representative Chandler of New York and Attorney General Gregory.**

This Boy Isn't "Dosed" For Croup or Colds

His Mother Says—"When the Children are Croupy I Just Apply a Good Application of Vick's VapoRub Salve at Bedtime, and go to Sleep, Sure that the Little Ones Will Be All Right."

Mrs. M. Z. Smith, 320 Wood Sreet, Johnstown, Pa., is one of the many mothers who have found the Southern remedy—Vick's VapoRub Salve, much better than internal medicines. Mrs. Smith writes—

"I find your VapoRub the finest remedy for croup and colds that I have ever used, and now we would not be without it, as we have two children and they are both subject to croup. I use VapoRub as a stitch in time—put on an application at night—then go to bed and rest assured that the little ones are all right for the night."

In the South Vick's VapoRub is universally used as the "Bodyguard" in the home against all forms of cold troubles, from head or chest colds, sore throat, bronchitis, down to deep chest colds or incipient pneumonia. It is applied externally—is therefore perfectly harmless—and relieves by inhalation as a vapor and by absorption through the skin.

Three sizes, 25c, 50c, or $1.00. At all druggists.

Rosy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists
